O N E D E S I G N

a new wave of performance sailing  
is here

*Welcome to this Premier One Design fleet racing where you  
will be exposed to Extreme sailing for all conditions.*

This pocket rocket has won a swag of offshore races all around the World  
over the passed 5 years and has now been optimised, hotted up and  
then measured to form a new style of One Design racing.

The Raider One Design fleet offers to be the most exciting experience  
since the 18 footers hit Sydney and focus turned to class racing.  
This is a very affordable way to be sailing as fast as maxies and only having  
to find three crew rather than 20. However, it comes with a warning.

**RAIDER ONE DESIGN SAILING IS FAST AND ADDICTIVE**
